What other thoughts might influence their behavior?

Leading indicators are measurements that predict future business growth.

The HR scorecard is meant to measure leading HR indicators of business performance

The HR scroecard, or Human Resource Scorecard, is well-known HR tool.

Indeed, HR dirrectors in many organizations are often still looking for a seat at the proverbial table.

One of the key problems that HR has been facing in the past decades is the perception that HR doesn't add to the company strategy.

In many organizations,HR has failed to do so

Persona's name

Short summary of the persona

They are also known as HR metrics, and more specifically HR KPLS, as they are metrics that are linked to the business strategy.

The Tableau HR
Scorecard is a
framework designed to
measure and evaluate
the success of tablent
management strategies
within an organization.

Tableau changes the way Human Resources teams see data.
